

SCIP Services

SCIP Consultants will work with your family in a confidential supportive manner by:

- Meeting with you and school personnel to better understand your child's strengths and challenges and provide recommendations for services.
- Working together to increase your child's ability to be successful in a classroom setting.
- Helping your family to connect with community resources.
- Attending appointments with you and your child for additional support.
- Providing information and support to further develop helpful parenting skills.
- Working together to develop a plan that addresses your needs.

SCIP's Partners

Here is what some of our clients have told us about our services:

"I have learned so much with the SCIP program, including how to help my child, my family and myself."

"Great liaison between the school and us."

"Great strategies for our child at school and home."

"I felt the SCIP Consultant was very supportive to me and my family through a difficult time."
